smime.p7s

Steve,

WRT (with regards to) payment, we just need to know from the vendor two things;

- 1) Their Merchant Category Code is for running credit cards
- 2) Or if they are willing to invoice us if our credit card does not allow the charges to go through

Once we have this info LOGS should be able to take care of payments.

Thanks!

FYI -

The two seater Polaris UTV is set for an Oil change in Silverton. Chris Nutter with USCG is arranging this and EPA needs to pay the service vendor. Please let Chris Nutter know what is needed if anything on this end other than getting it to the shop.,

Thanks

**Subject:** FW: 2 seat Polaris

Good Morning Chris,

We currently only have one of the Polaris in Silverton the other one is down here in Durango for some maintenance that it needed.

As far as scheduling goes Steve or Kerry can work that out with you.

The cost should be fine, again we only have that's up there right now.

With regards to payment, do you happen to know what your Merchant Category Code is for running credit cards? This will allow us to look up and see if we can use our government card at your shop, if not the are you willing to invoice us for the service and get you paid this route?

Thanks and call me if you have questions.

Ralph,

yesterday I talked with Middletown motorsports here in Silverton about getting the oil changed in the 2 seat Ranger. they are able to do it on Tuesday of next week at a cost of \$100. let me know if this is good and how it will be paid and I will make sure it happens.
